Dear Ms. MacKenzie:

Admiral Turner has asked me to thank you for your letter of 12 July, inviting a response for the "Feedback" section of your magazine about the article "Oil, Wheat and the Soviet Economy: An Analysis to 1985."

Although we do not wish to contribute to the "Feedback" section, we found the article to be a very interesting overview of the economic policy options facing the Soviet Union into the 1980s. We appreciate your thinking of us.

Thank you again for writing.

Sincerely,

15/
